

Digital Dentures from Sterngold

Decide, Design, Drive Your Success.

Have you upgraded to digital dentures?

If you only produce conventional dentures, you are missing out on providing practice building solutions to your dentist. Digital dentures are the new smile replacement standard for esthetic and convenience.

Sterngold can put your lab right at the center of the digital evolution. We **take the mystery out** of digital dentures, **simplify**, and **clarify** your path to adoption. With information, education, bundle pricing, and multiple tiers of entry that meet you at your readiness level, it's **easy** and **quick** to start producing digital dentures, using the **Baltic Denture System®**. It's the most affordable, premium, monolithic digital denture system available.

Take matters in your own hands.

Decide, design, and drive your success with digital dentures from Sterngold.
