DENTURE?
→ NO PROBLEM

www.sterngold.com

Baltic Denture System

Your new, high-quality denture is made with the help of the latest production process. This innovative technology offers you many benefits:

- natural aesthetics
- perfect hold and reduced pressure points
- lowest allergy potential
- lowest plaque affinity and easy to clean

Through the digital manufacturing process

- you will receive your denture at your second appointment. *
- a second or travel denture can also be easily made.

Experience a better quality of life with well fitting and high quality dentures

* depending on the processes in your dental practice.

THE PERFECT DENTURE IN ONLY 2 APPOINTMENTS!

1. APPOINTMENT

An impression of your mouth situation is taken and an aesthetics analysis is prepared.

2. APPOINTMENT

Your full denture is finished and fitted.
